Release Notice: SACPA Reporting Information System Version 3.5
Release Date: March 7, 2003

On March 7, 2003 the California Department of Alcohol and Drug Programs (ADP) will install SACPA Reporting Information System (SRIS) Version 3.5.

SACPA Reporting Information System Version 3.5 includes the following changes:

- the Financial Status Report data elements have been added to the SRIS export to Access.
- the Plan Question data elements have been added to the SRIS export to Access
- three new reports have been added
  1. Report A: Statewide, county by county, report of specific data elements from the county plan.
  2. Report B: Screen print type report for Plan Questions data
  3. Report C: ADP County Liaison Report
- six existing reports have been modified adding SATTA data. The reports that have been modified are:
  1. Total Expenditures by County – Entity
  2. Total Expenditure by County – Service/Activity
  3. Total Client Projections
  4. Expenditure County Rollup – Entity
  5. Expenditure County Rollup – Service/Activity
  6. Client Projections Rollup
- one additional Client Fees field has been added to the Financial Status Report screens, reports and SRIS export to Access, *Client Fees Assessed and Collected by the County for County Treatment Operated Programs.*
- one additional column of calculations has been added to the Service/Activity and Entity screens. The field will contain the percent each data element of the total amount budgeted by the county

For questions on how to use or access the SACPA Reporting Information System, please call the ADP Automation Help Desk at (877) 517-3329 or email SACPA@adp.state.ca.us.
